

Puppies benefit from socialising with other dogs from an early age. Given the opportunity, they are more likely to grow into calm, happy adults. At the Doghouse, puppies begin play within our 'Puppy Academy'. Once they are socially and confidently ready, they can graduate to our main Play Areas.

For puppies* we offer you **20% off our casual daycare rates** and up to **20% off package prices!**

For dogs over 6 months old we offer **up to 20% off for package purchases!**

Please note our packages are valid for 12 months from time of purchase and are NON-REFUNDABLE.

*Puppies are under 6 months old
